## VERSES ON COMMON VALUES

- **2. The lack of a culture of sharing and solidarity; selfishness.**
- One of the characteristics of racist people is that they have weak emotions for sharing. They see foreigners as their rivals. They don't want to share and start to show racist behaviours towards foreigners. However, sharing would add new values both to them and to their addressees.
- For instance, when information is shared, new information will appear on the horizon.
- Sharing will multiply joys, but sooth pain.

## VERSES ON COMMON VALUES

- As physical borders seem to have disappeared around the globe, people with diverse religions, languages, races, colors, countries, cultures, beliefs and sects have started to live together at rates never seen before. Economic, political, religious and cultural interactions have been experienced on a global scale, which in turn has led to problems of getting to know more about others.
- **“And worship God and never associate anything with Him. And goodness to the parents and the relatives, and the orphans, and the poor, and the near neighbour, and the far neighbour, and the near friend, and the wayfarer, and what your right hands possess (the slave-girls). - Values;
- 1. Knowing God as the best friend
- 2. Sticking to God firmly.

## DISCUSSION/CONCLUSION

### ➤ 2. EVALUATION

- Every human being wants to live together. Coexistence starts with birth and continues until the end. This is something innate for human beings. What matters here is to be able to keep diversities together in unison.

## DISCUSSION/CONCLUSION

- ▶ Unfortunately, certain political discourses may negatively affect people, increasing their inclination towards racist discourses. The lack of faith in certain people may trigger irresponsible behaviours toward others. Therefore, it is essential to invest more time and resources in this matter.
- ▶ In short, racism cannot be defended on no basis and consists of just a corrupt philosophy, which means to destroy human dignity, and damage and destruct human honor, divide and fragment societies from each other. So, racism cannot be accepted by civilized nations. Accepting people as humans is a necessity of humanity.
