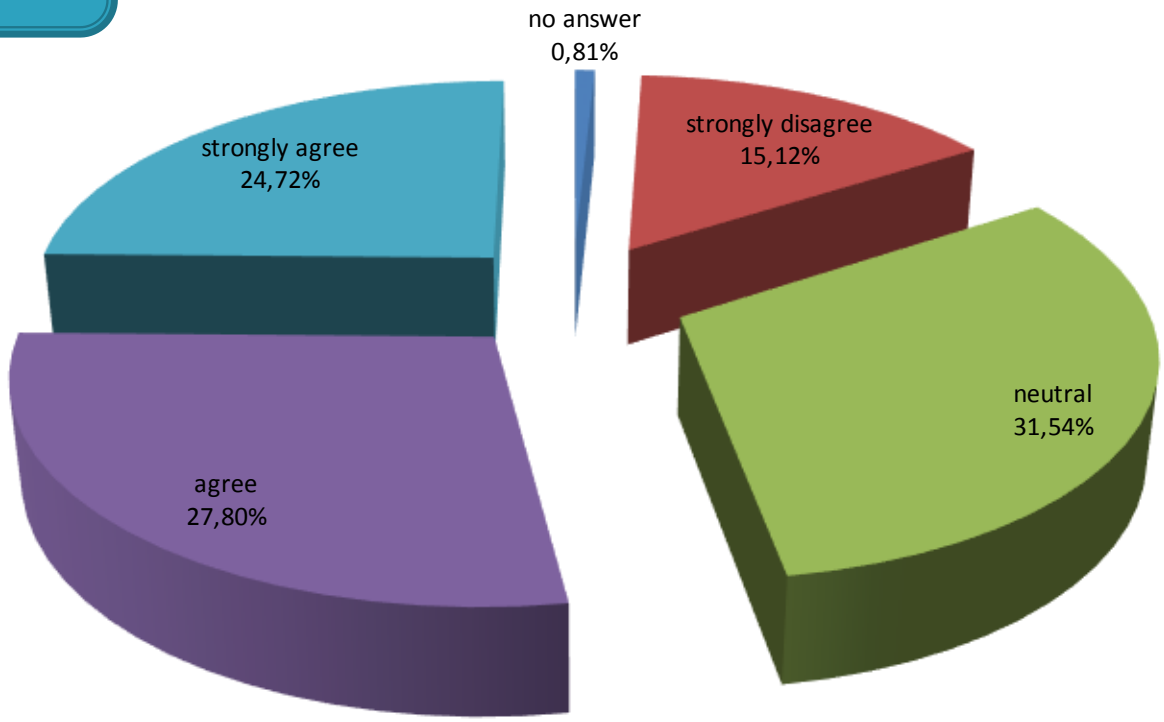
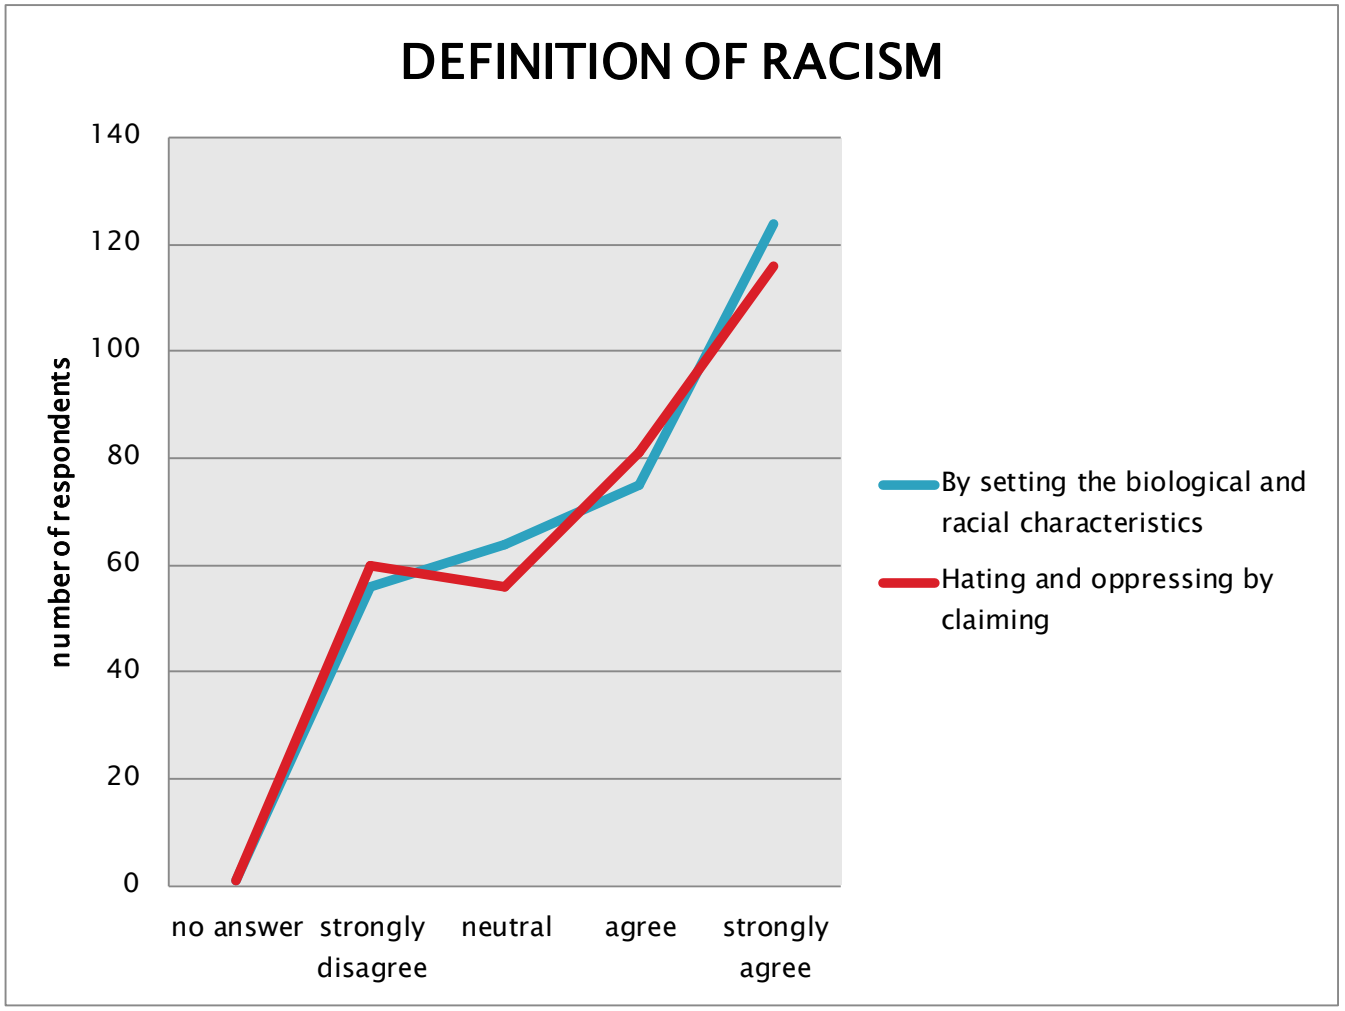
GENERAL FINDINGS

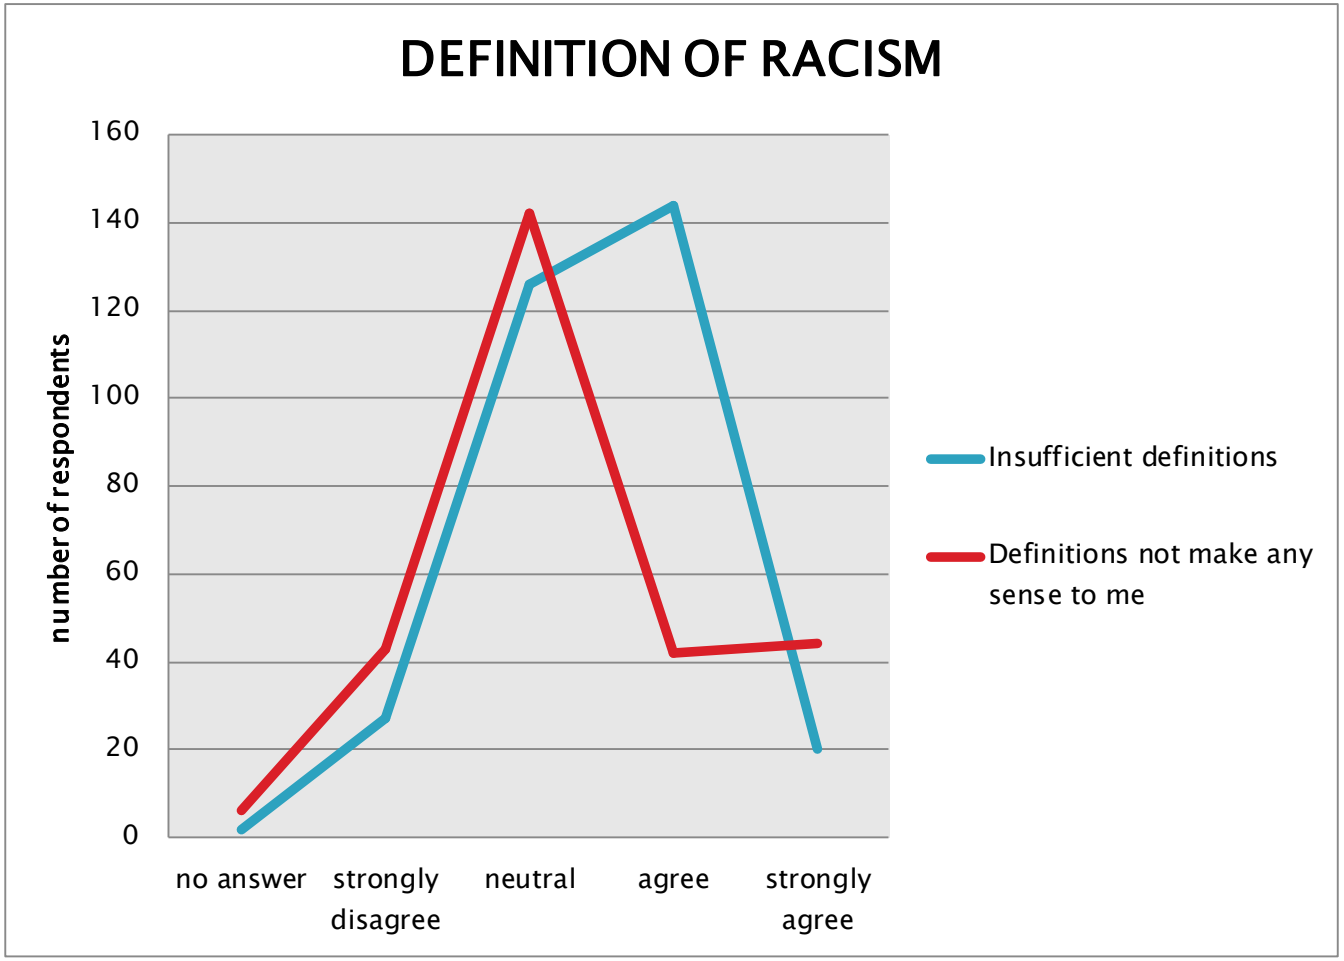
Respondents are familiar with the term “racism”.



Parity in determine the definition of racism.

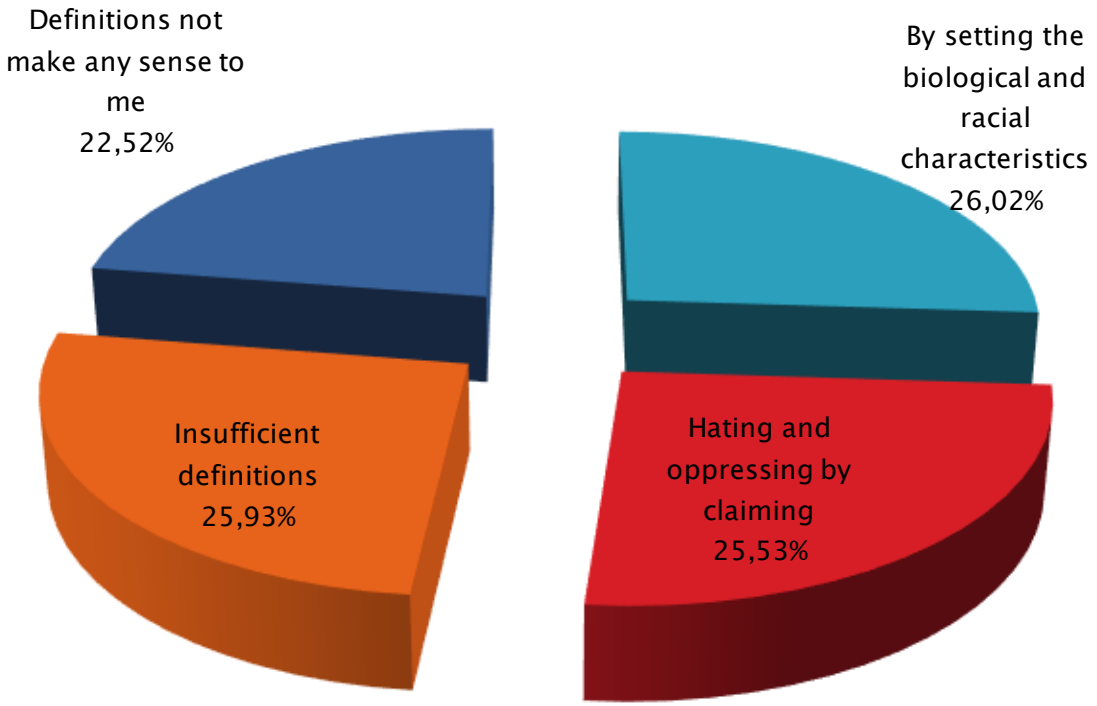


Large number of unsatisfied respondents.



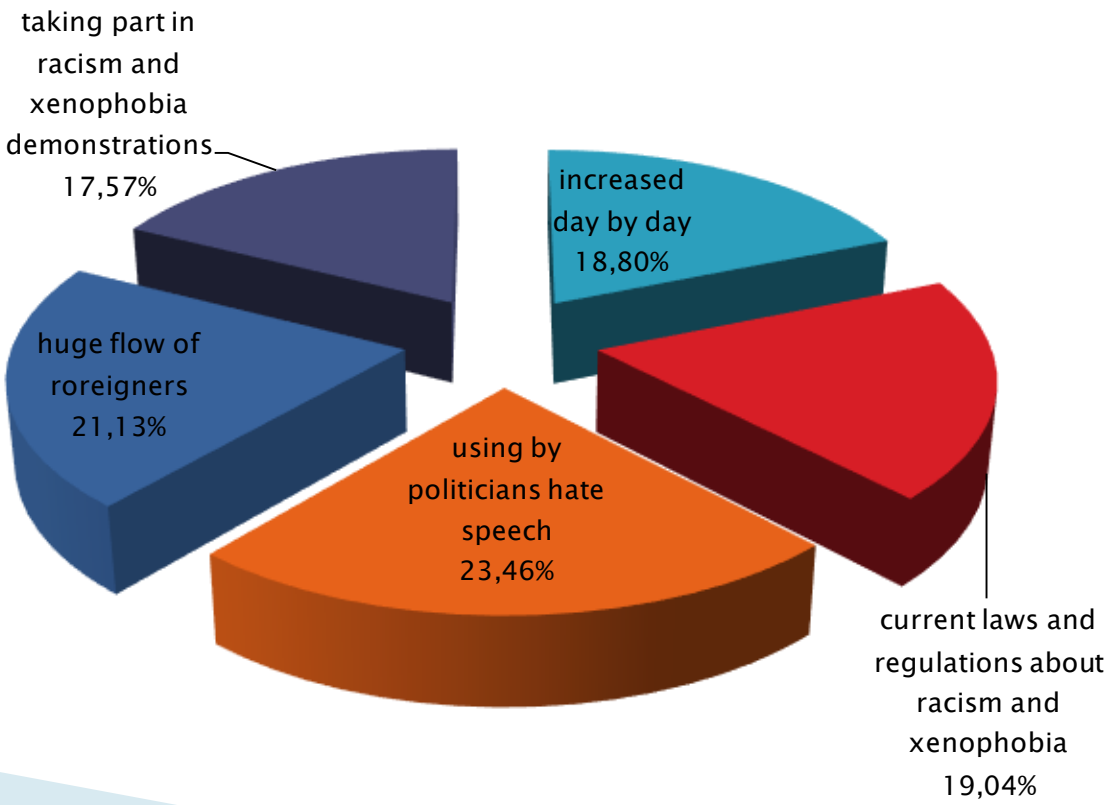
Racism is perceived as the setting of biological and racial characteristics of one society in order to claim superiority of one race over the others.

Definition of racism

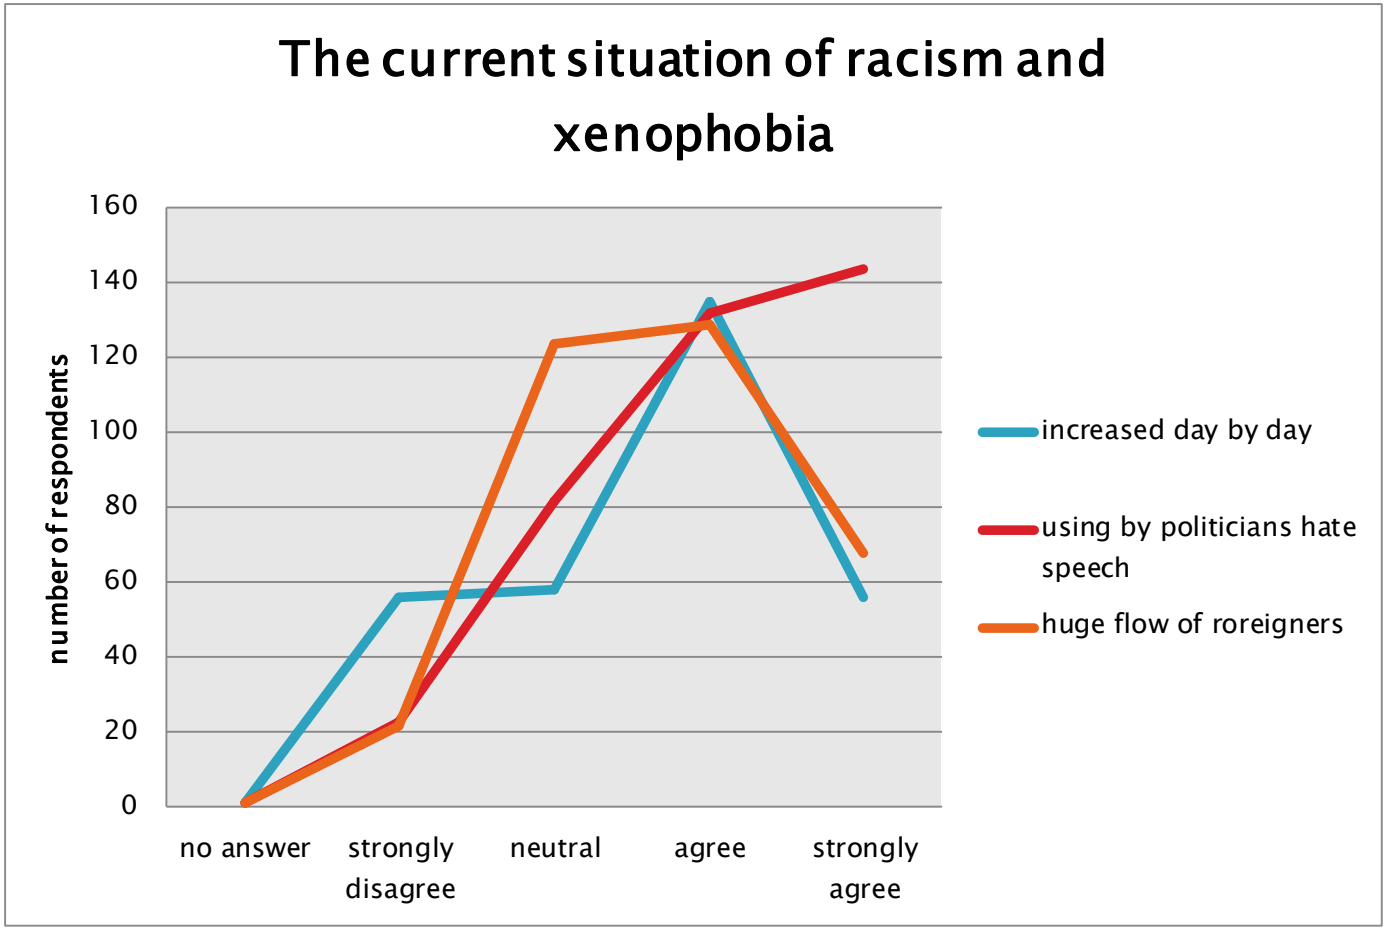


Respondents believe that racism and xenophobia increase day by day as a result of language of hatred, used by politicians and huge flow of foreigners/refugees coming out of the country.

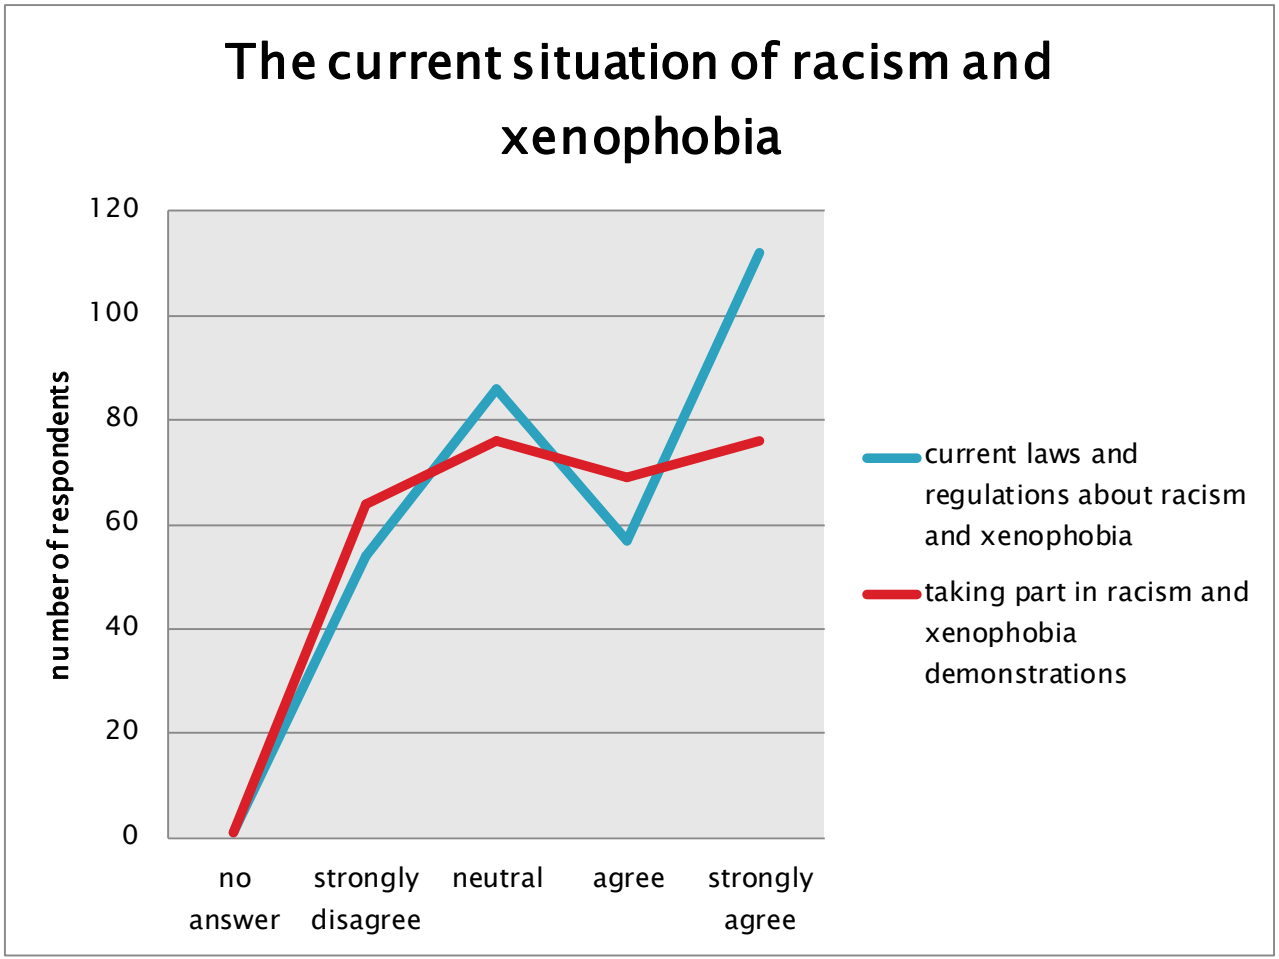
The current situation of racism and xenophobia.



Definitive answers.

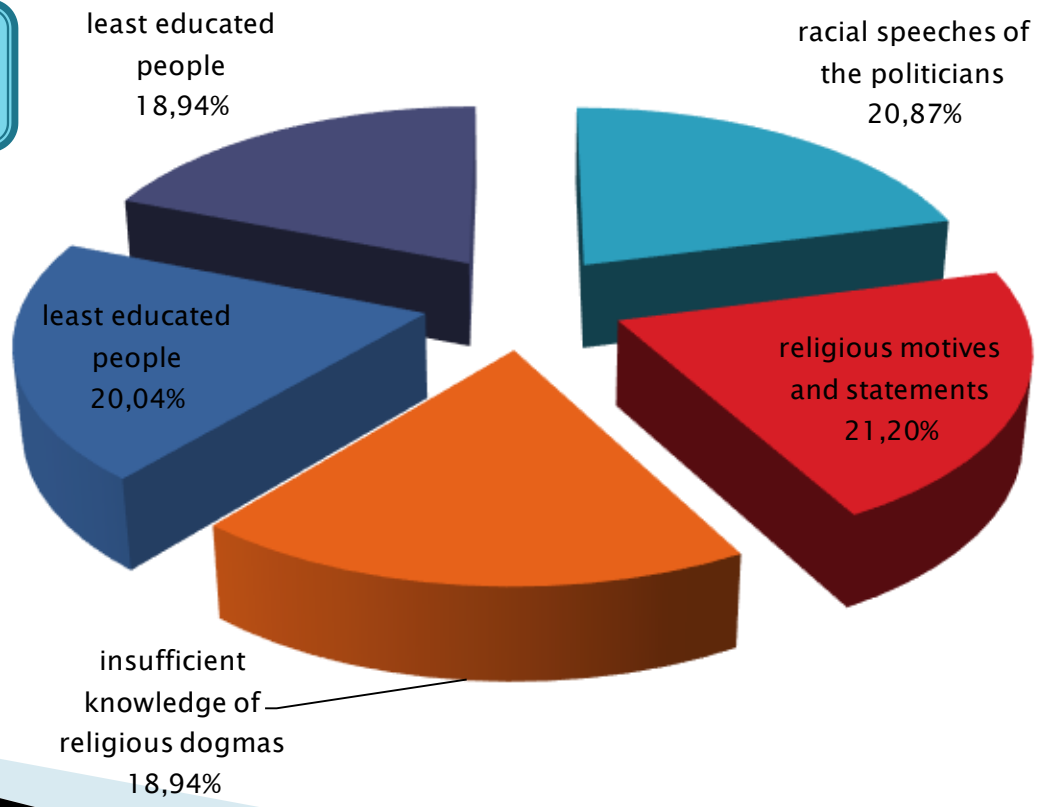


Hesitation and lack of interest in taking part in racism and xenophobia demonstrations. Respondents believe that the current laws and regulations about racism and xenophobia are sufficient

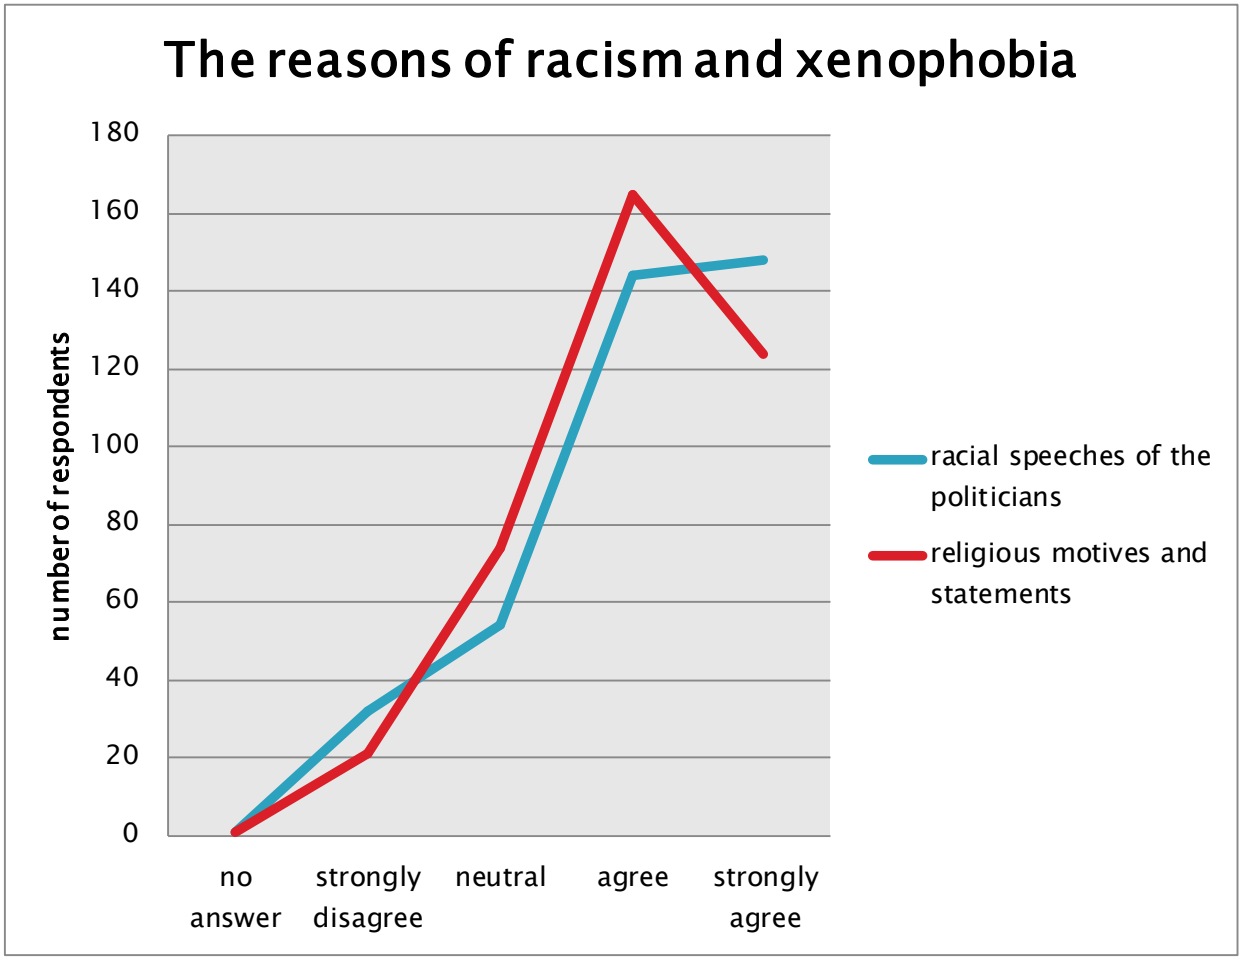


As a main reason for racism and xenophobia are defined the religious motives and statements as a result of the language of hatred between the politicians for the sake of one vote.

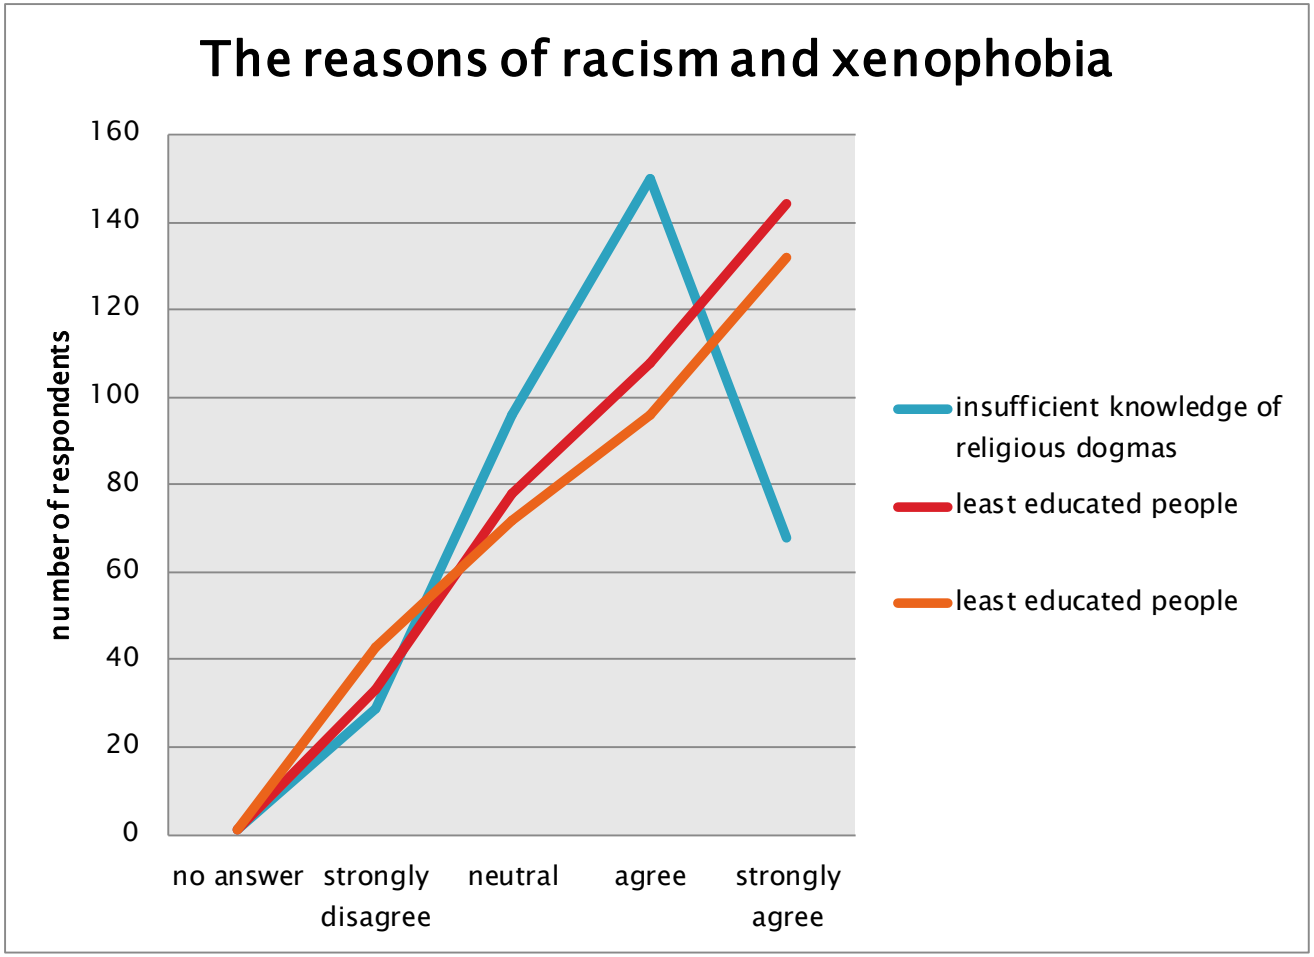
The reasons of racism and xenophobia



Politicians are again recognized as the main carriers of the language of hatred.

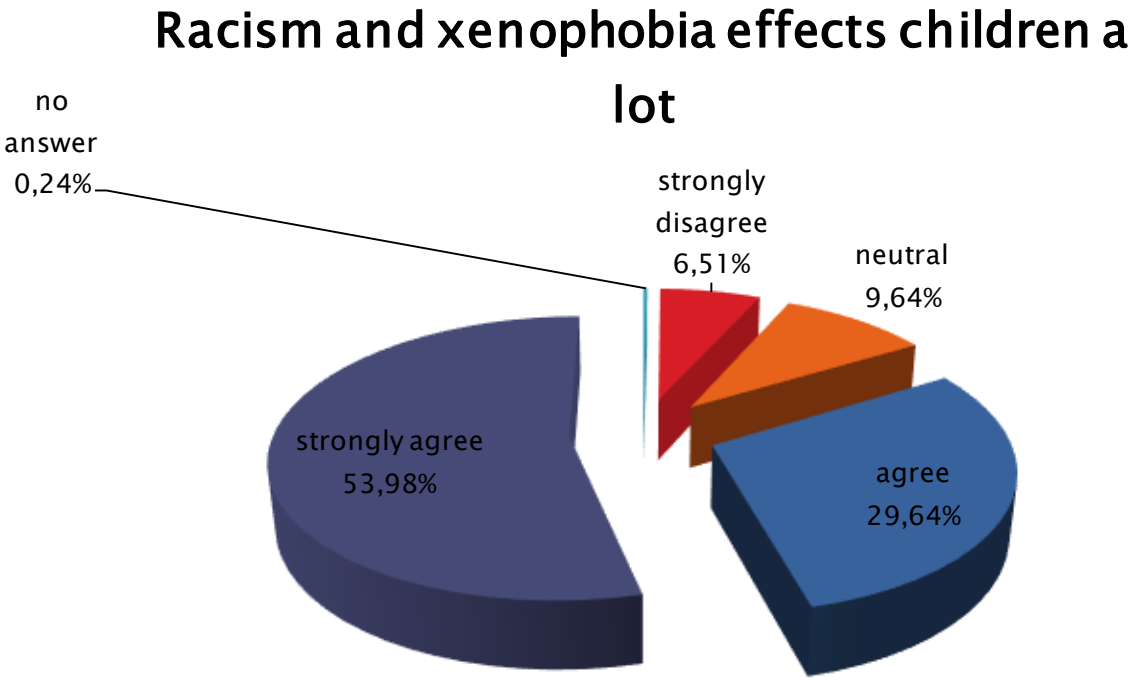


As a second main threat is considered the least educated people and lack of financial resources. Not well knowing the religious tenets is ranked last.

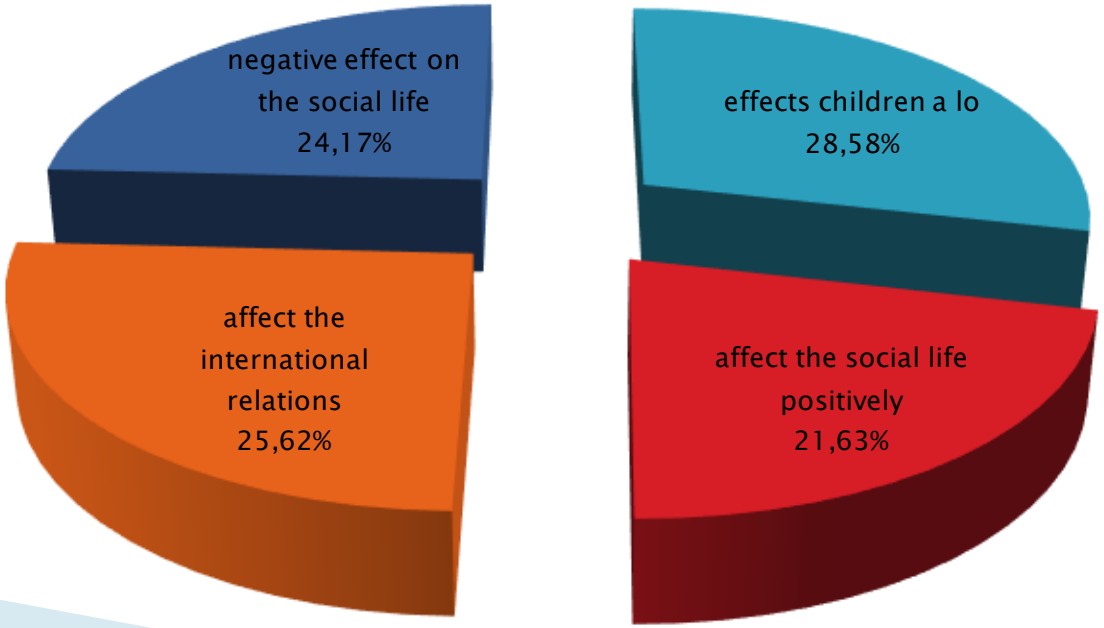


There are serious concerns about the impact of racism and xenophobia on children.

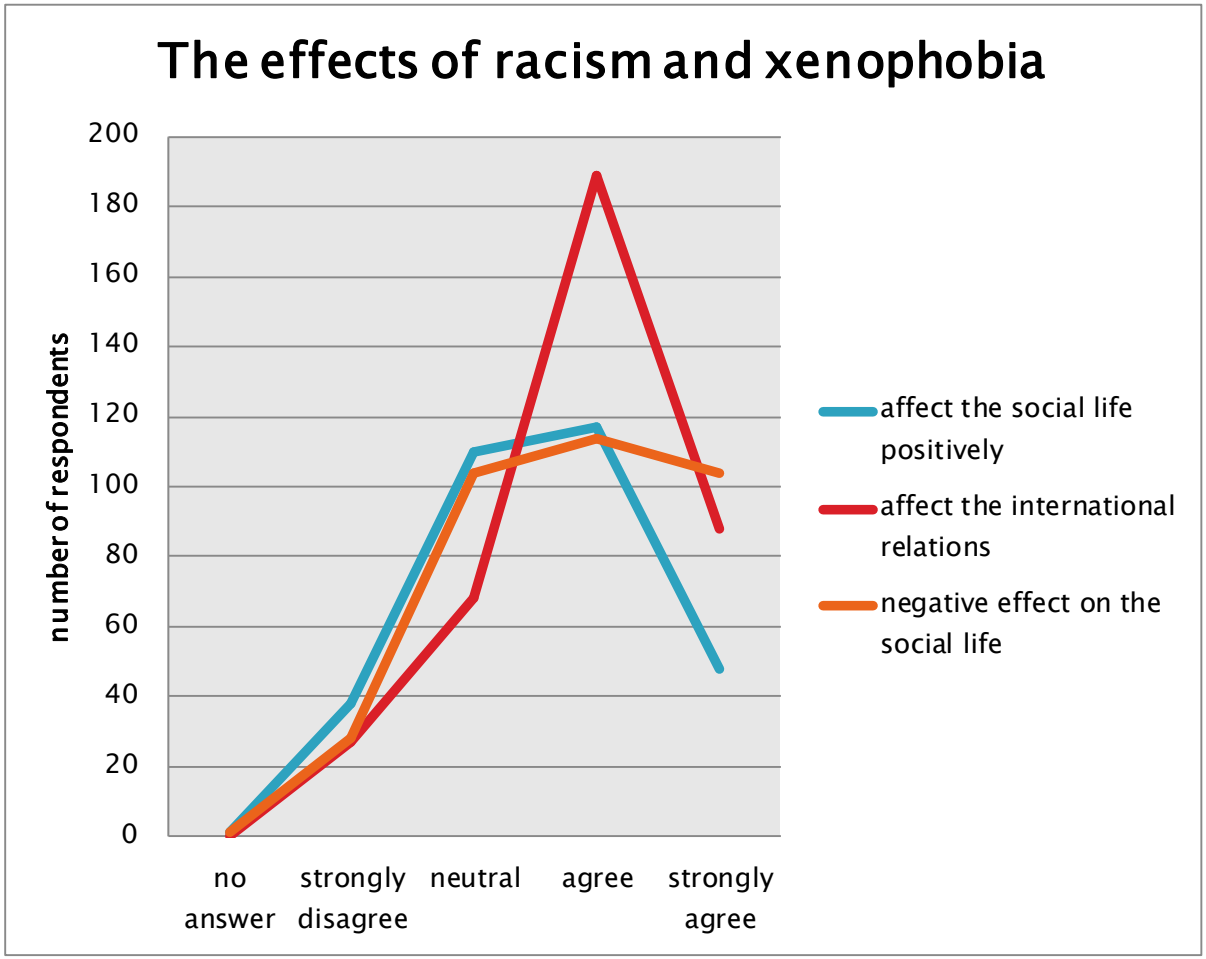
The effects of racism and xenophobia.



The negative impact of racism and xenophobia on international relations is ranked second, which respectively have an effect on the social life of people in a negative way.

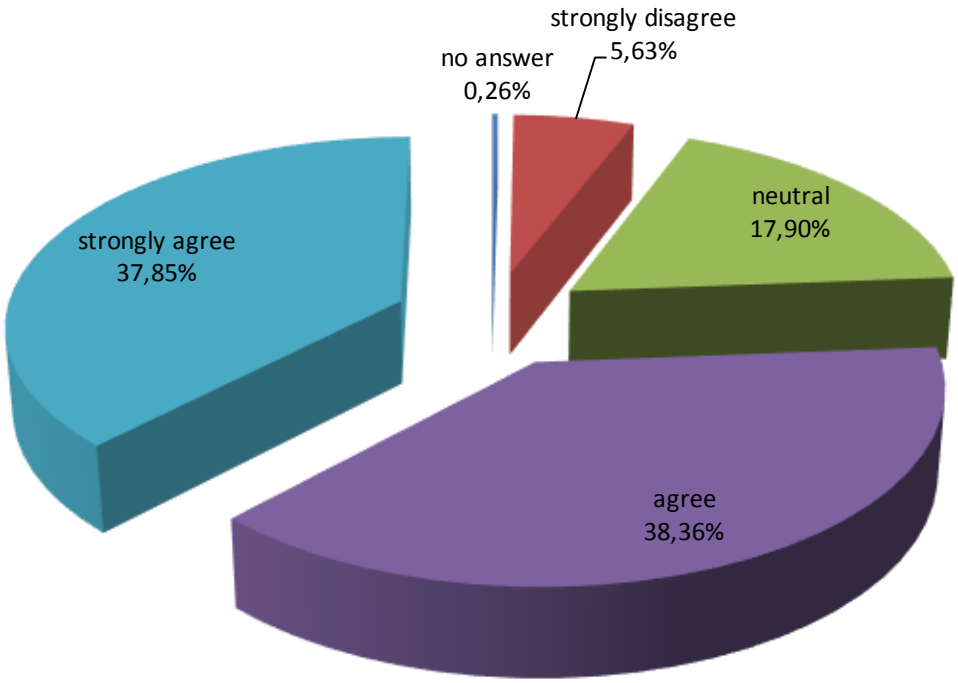


A huge effect that racism and xenophobia have on the peoples' social life in the local and international level.

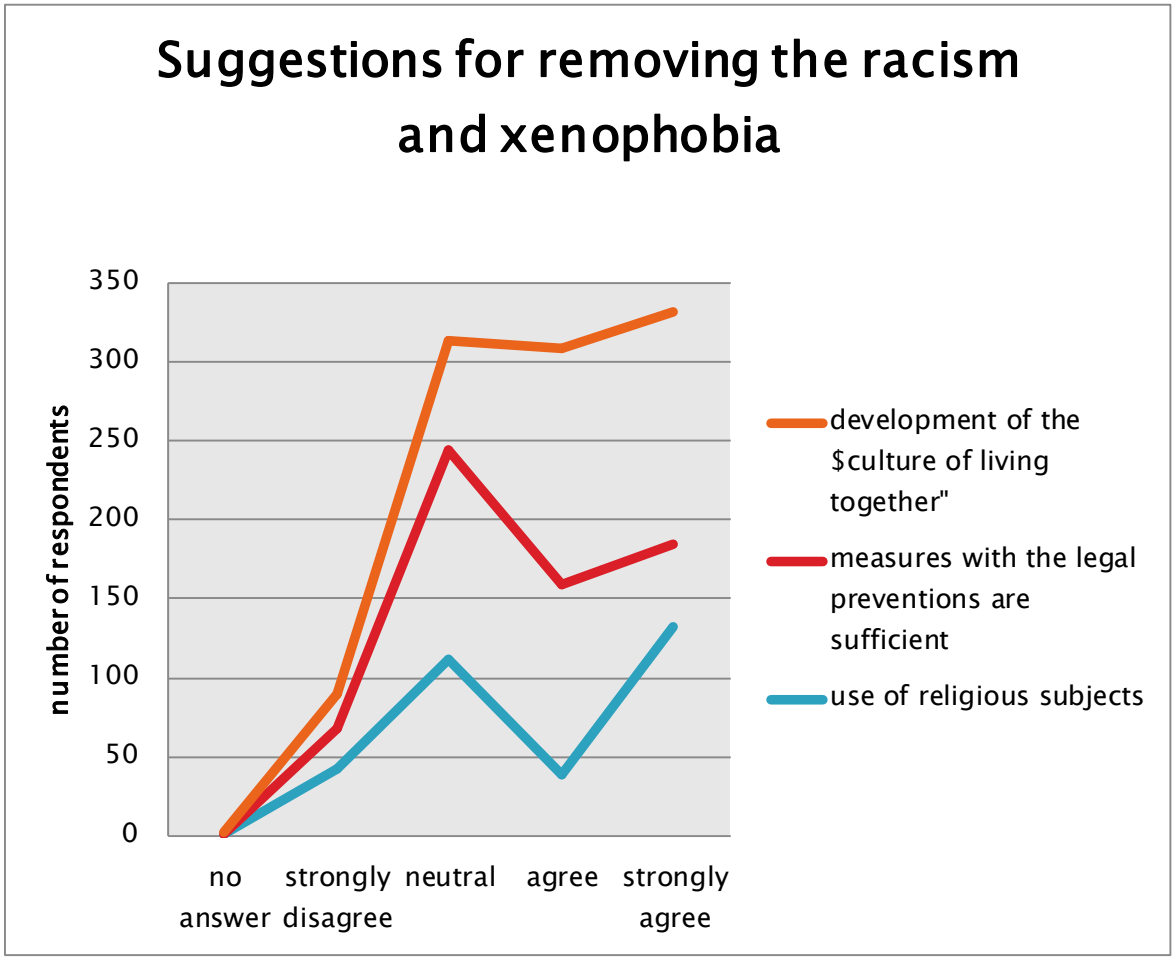


The respondents are more optimistic, that the development of the „culture of living together“could help to remove racism and xenophobia.

5.3.



The use of religious subjects and other measures along with the legal prevention, even though not as definitely, are indicated by respondents.



The development of “ethical and moral values” and globalization are among the preferred possible solutions to overcome racism and xenophobia.
